

Ultra Preventive® X

A comprehensive multivitamin/mineral with an organic fruit/vegetable/phytonutrient blend

DESCRIPTION

Ultra Preventive® X is Douglas Laboratories' signature formula and the most comprehensive multivitamin and mineral supplement, with an organic fruit, vegetable and phytonutrient blend. This unique formula provides antioxidant support and many beneficial nutrients, including carotenoids, flavonoids, polyphenols and bioavailable forms of vitamins and minerals that may contribute to optimal health.†

FUNCTIONS

Ultra Preventive® X has been carefully developed to contain adequate amounts of vitamins, minerals, and other beneficial nutrients and enzymes. Each ingredient is selected in consideration of its absorbability, competitive relationship with other nutrients, allergenic potential, and long-term safety. The specific nutrients are included in high-potency amounts because of the vital roles they play in antioxidant protection, cellular health, energy, methylation, the nervous system, and vascular, bone, heart and immune support, among other functions.†

Alpha-lipoic acid is a nutritional coenzyme that is involved in energy metabolism of proteins, carbohydrates and fats, has physiological functions for healthy blood glucose metabolism, and is able to scavenge a number of free radicals. Besides being a universal free radical scavenger, alpha-lipoic acid can also recharge other antioxidant systems such as glutathione and vitamins C and E.† **Vitamin C** is a potent water-soluble antioxidant nutrient, also protecting cells from oxygen free radical damage. It is essential for connective tissue and bone metabolism, capillary health, and immune function.† Vitamin C works together with vitamin E. **Beta-carotene** supports vitamin E, recognized as the body's most valuable fat soluble antioxidant. It prevents oxidation of unsaturated fatty acids by inactivating free radicals, thus stabilizing and protecting cell membranes, e.g., in the lungs, eyes, and arteries.†

The carotenoids **lutein and zeaxanthin** are important antioxidants in the macula of the eye, as evidenced by recent studies performed by the NIH National Eye Institute. Research has shown that these important carotenoids are the predominant pigments found in the macula to support healthy vision.† **Lycopene** provides optimal antioxidant and cellular support for prostate, lung, cervical, breast and cardiovascular health.†

The antioxidant activity of **quercetin** supports the gastrointestinal tract and immune system.† Quercetin increases mucus secretion from gastric cells. The mucus polysaccharide provides a protective buffer for the gastric cells from the low pH of the stomach contents. Quercetin also supports the normal immune response to antigens.† Quercetin inhibits the IgE-mediated release from mast cells as well as IgG-mediated histamine release. Many bioflavonoids, especially rutin and quercetin, support the health of the body's circulatory system by helping maintain capillary blood flow and proper vascular permeability, integrity, and resiliency.†

N-Acetyl-L-Cysteine is a precursor for the sulfur amino acid cysteine, which is used by the body to synthesize glutathione. Glutathione is a naturally occurring tripeptide that is a major component of two enzymes: glutathione peroxidase and glutathione reductase, which help scavenge toxic free radicals and inhibit peroxidation.†

Calcium and magnesium are included in a 1:1 ratio in bioavailable amino acid chelate and citrate forms to support bone and tissue health.† **Vitamin D** is responsible for the absorption of calcium into the blood, and **Vitamin K2** deposits the blood calcium into bones and teeth. Therefore, consuming sufficient amounts of dietary calcium is not enough for bone and cardiovascular health; the body needs to distribute and utilize the calcium properly with aid of Vitamin K2.†

A significant dose of elemental **choline** from choline bitartrate is supplied in this formula. Choline acts as a methyl donor for homocysteine and folate metabolism in the methylation cycle following conversion to betaine, and also as a structural component of cellular membranes and synthesis of the neurotransmitter acetylcholine.† Choline and inositol are lipotropic factors that support liver function and mobilize fats and bile.†

Ultra Preventive® X

A comprehensive multivitamin/mineral with an organic fruit/vegetable/phytonutrient blend

This formula contains **methylated B vitamins** for increased bioavailability to the body. Hydroxycobalamin is a precursor form of vitamin B12 converted in the body to both methylcobalamin and adenosylcobalamin. While methylcobalamin is found in the cytosol of cells and predominates in blood and other fluids, adenosylcobalamin is the major form of vitamin B12 stored in the mitochondria of cellular tissues.

L-methylfolate is the naturally occurring, predominant form of folate commonly found in cells and is essential for overall health, as it participates as a cofactor in a reaction that involves the remethylation of homocysteine to methionine. Unlike synthetic folic acid, L-methylfolate can be used directly by the body, without the need for an additional conversion via the enzyme (5, 10 methylenetetrahydrofolate reductase (MTHFR)).

Ultra Preventive® X includes **organic phytonutrients**. **Chlorella and spirulina** are microalgae that supply chlorophyll, carotenes, B-vitamins, and trace elements. **Organic fruits and vegetables** in powder form provide naturally occurring nutrients and antioxidants to help fight free radical damage and support cellular health.† **Green tea** with EGCG and **grape seed extract** provide polyphenols for cellular and antioxidant support.† Enzymes such as **betaine HCL, papain and bromelain** aid in the digestion of foods.†

INDICATIONS

Ultra Preventive® X tablets may be a useful dietary supplement for those who wish to consume important nutrients for optimal health.†

FORMULA (# 202231)

Supplement Facts

Serving Size 8 tablets:

		% DV
Vitamin A	4500 mcg (15,000 IU)	500%
(as 67% natural beta carotene and 33% Vitamin A palmitate)		
Vitamin C (as ascorbic acid)	1000 mg	1111%
Vitamin D3 (as cholecalciferol)	25 mcg (1000 IU)	125%
Vitamin E	134 mg (200 IU)	893%
(as natural d-alpha tocopheryl succinate plus mixed tocopherols)		
Thiamine	100 mg	8333%
Riboflavin	50 mg	3846%
(as Riboflavin/Riboflavin-5-phosphate)		
Niacin/Niacinamide	190 mg	1188%
Vitamin B6	100 mg	5882%
(as Pyridoxal HCl/Pyridoxal-5-phosphate)		
Folate	1333 mcg DFE	333%
(as L-methylfolate, Metafolin® providing 800 mcg)		
Vitamin B12	500 mcg	20,833%
(as methylcobalamin/adenosylcobalamin/hydroxycobalamin)		
Biotin	300 mcg	1000%
Pantothenic Acid	250 mg	5000%
(as d-calcium panthothenate)		
Choline (from choline bitartrate)	275 mg	50%
Calcium	420 mg	32%
(as calcium citrate/calcium chelate)		
Iodine	200 mcg	133%
(from kelp)		
Magnesium	420 mg	100%
(as magnesium citrate/magnesium chelate)		
Zinc	25 mg	227%

Ultra Preventive® X**A comprehensive multivitamin/mineral with an organic fruit/vegetable/phytonutrient blend**

(as zinc chelate)		
Selenium	200 mcg	133%
(as selenomethionine)		
Copper	2 mg	222%
(as copper amino acid chelate)		
Manganese	9 mg	391%
(as manganese sulfate)		
Chromium	200 mcg	571%
(as chromium polynicotinate)		
Molybdenum	100 mcg	222%
(as molybdenum Krebs*)		
Potassium (as potassium chloride)	100 mg	2%
N-Acetyl L-Cysteine	150 mg	
Betaine (as betaine HCL)	150 mg	
Inositol	100 mg	
Quercetin (as dihydrate)	100 mg	
Lemon bioflavonoids	100 mg	
Papain (from <i>Carica papaya</i> , fruit)	100 mg	
Bromelain (from <i>Anana comosus</i> , pineapple stem)	50 mg	
Grape seed extract		
(standardized to 92% polyphenols)	50 mg	
Alpha Lipoic Acid	50 mg	
Vitamin K2 (as menaquinone-7)	45 mg	
Rutin (from <i>Sophora japonica</i> , flower)	25 mg	
Boron (as boron citrate)	3 mg	
Vanadium (as Vanadium Krebs*)	50 mcg	
Proprietary Organic Fruit and Vegetable blend	700 mg	
Organic beet powder (root), Organic carrot powder (root), Organic black currant powder (fruit), Organic blueberry powder (fruit), Organic broccoli powder (whole plant), Organic Concord grape powder (fruit), Organic collard greens powder (leaf), Organic pomegranate powder (fruit), Organic green cabbage powder (whole plant), Organic cranberry powder (fruit), Organic kale powder (whole plant), Organic parsley powder (whole plant), Organic raspberry powder (fruit), Organic spinach powder (whole plant)		
Organic Phytonutrient Blend		
Organic Spirulina (whole plant)	100 mg	
Organic Chlorella (whole plant, broken cell wall)	100 mg	
Organic Green Tea leaf extract		
(standardized to 50% polyphenols, 20% EGCG)	50 mg	
Carotenoids		
Lutein (from marigold flower extract)	10 mg	
Lycopene (from tomatoes)	6 mg	
Zeaxanthin isomers (from marigold flower extract)	2 mg	

Other Ingredients: methylcellulose, hydroxypropyl cellulose, carboxymethylcellulose, silica, ascorbyl palmitate, coating (purified water, hydroxypropyl methylcellulose, glycerin).

*Krebs = Citrate, Fumarate, Malate, Glutarate and Succinate Complex.

Metabolin® is a registered trademark of Merck KGaA, Darmstadt, Germany.

SUGGESTED USE

Adults take 8 tablets daily with food or as directed by a healthcare professional. This product is best taken with

Ultra Preventive® X

A comprehensive multivitamin/mineral with an organic fruit/vegetable/phytonutrient blend

meals in divided doses, such as 4 tablets with 2 largest meals of the day.

SIDE EFFECTS

No adverse effects have been reported.

STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
