Muscle Protect™ with HMB®

Helps maintain muscle mass and function with a great-tasting, one-two combination of clinically studied HMB® and Amino 9™†

PRODUCT FEATURES

- **Clinically studied HMB®**, a concentrated leucine metabolite
- **Amino 9™**, a leucine-rich blend of essential amino acids (EAAs) combined with vitamin D₃ and glutamine
- **Great-tasting**, orange-flavored drink mix that is free from dairy, GMOs†, gluten, and sugar

PRODUCT BENEFITS

- Supports healthy muscle mass and muscle function†
- Provides anabolic muscle-building support†
- Attenuates muscle protein breakdown and preserves lean muscle mass in aging adults†

PRODUCT DETAILS

SUPPLEMENT FACTS PL

Serving Size: 1 Scoop (9.15g)

Suggested Usage: 1-2 daily

Amount Per Serving

Calories	20
Total Carbohydrate	< 1 g
Vitamin D ₃ (as cholecalciferol)	12.5 mcg (500 IU)
Calcium	210 mg
L- Glutamine	2 g
myHMB® Calcium β-Hydroxy-β-methylbutyrate-monohydrate (HMB)	1.5 g
Amino 9™ Amino Blend	3.35 g
L-Leucine, L-Lysine, L-Threonine, L-Isoleucine, L-Valine, L-Phenylalanine, L-Methionine, L-Histidine, L-Tryptophan	

Other ingredients: natural flavors, citric acid, stevia leaf extract, monk fruit extract (*siraitia grosvenorii*), turmeric (for color)

DID YOU KNOW:

Maintaining skeletal muscle mass and function is important for sustaining health throughout our lifespan

Physically inactive people can lose as much as 3–5% of their muscle mass for every 10 years past the age of 40

Even physically active people can experience at least some level of muscle loss

Among the EAAs, leucine has an important role in the regulation of muscle protein synthesis†
