**Douglas Laboratories®** researches, develops and manufactures the right suite of rigorously designed, science-based, healthy aging supplements, and provides customized practice support. With a 60-year heritage of innovating and designing products to meet the needs of healthcare professionals, we push the potential of both clinical practices and patients to continually perform at their personal best, today and in the future. Douglas Laboratories is both GMP and NSF International registered, and is approved to produce NSF Certified for Sport® products.†

## BEAUTY

Over time, many factors contribute to changes in our hair, nails and skin. Dietary, environmental and genetic factors, as well as lifestyle, all contribute to our physical appearance and well-being. These factors can affect the pigmentation, elasticity, hydration, thickness, and luster of hair, nails and skin. Outward appearance is a reflection of our internal cellular and metabolic health. Dietary supplementation with specific, scientifically studied nutrients can help to support our appearance as we age. Douglas Laboratories is committed to staying at the forefront of new research where the science of supplementation and beauty intersect.†

SKIN SUPPORT<sup>†</sup>

Skin Nourish offers a special skin nutrient blend containing polyphenolic compounds from grape seed, SOD from melon, vitamin C, and zinc, which are primary and secondary antioxidants that support the appearance of radiant skin color, contrast and integrity.<sup>†</sup> Phytoceramides work in the skin's epidermis layer to help retain moisture and improve the appearance of wrinkles and elasticity.<sup>†</sup> Silica supplied by bamboo plays a role in maintaining skin

elasticity and collagen production.<sup>†</sup> Together, these nutrients work within the body to provide skin radiance, hydration, and a nourished appearance.<sup>†</sup>

## SkinAx<sup>2™</sup> and Ceramosides™ Promote Skin Hydration and Radiance<sup>†</sup>

As we age, skin production of collagen declines, which can impact skin elasticity and moisture retention. In addition, environmental stressors can result in damage to the skin cells, which may cause changes in coloration and turnover. SkinAx<sup>2™</sup> is a specialized nutrient blend of clinically studied ingredients containing polyphenolic compounds from grape seed, superoxide dismutase concentrate from melon, vitamin C, and zinc. These are antioxidants that promote skin radiance by supporting healthy skin color, elasticity, and facial luminosity to brighten dull complexions.<sup>†</sup>

Lipids called ceramides from wheat seed oil are the major constituents between the skin's layers that hold in moisture. Ceramosides™ phytoceramides have been shown to help support skin moisture 15 days after being taken orally.<sup>†</sup>

## Hydrolyzed Collagen Plus ● new product with Hyaluronic acid

Formula	Size
57717P	84 Grams Powder

Suggested Usage: 1 scoop, twice daily

View the [Beauty Support Protocol<sup>†</sup>](#) on pg. 8

Hydrolyzed Collagen Plus is a unique formulation and healthy hydration beverage for skin health.<sup>†</sup> Collagen with hyaluronic acid and co-factors supports healthy collagen production and skin elasticity, as well as hydration.<sup>†</sup> Hydrolyzed collagen peptides (from bovine) provide a source of essential and non-essential amino acids involved in collagen formation within the skin's dermis layer. Vitamin and mineral co-factors including vitamin C help with connective tissue formation, while copper and zinc help link collagen threads together.<sup>†</sup> This powdered formula is specially designed to dissolve clear, flavorless and tasteless in liquid.

### SUPPLEMENT FACTS

Serving Size 1 Scoop (approx. 1.4 grams) • Servings Per Container 60

Amount Per Serving	%DV
Vitamin C (as ascorbic acid) ..... 50 mg	56%
Zinc (from zinc gluconate) ..... 0.8 mg	7%
Copper (from copper gluconate)..... 0.1 mg	11%
Hydrolyzed collagen (from bovine)..... 1.25 mg	*
Hyaluronic acid (as sodium hyaluronate)..... 50 mg	*

\*Daily Value (DV) not established.

Other ingredients: none.

## Hyaluronic Acid

More than 50% of the body's hyaluronic acid is present in the skin, where it plays a major role maintaining extracellular spaces, preserving tissue hydration and facilitating the transport of ion solutes and nutrients to cells in the upper layer due to its water-retaining capacity.<sup>†</sup> HA supports the skin by promoting healthy turnover and renewal of keratinocytes.<sup>†</sup> Low molecular weight hyaluronic acid is efficiently absorbed by the body when orally ingested.<sup>†</sup>

- Hydrolyzed collagen and hyaluronic acid are backed by clinical research demonstrating support for skin elasticity, hydration and appearance.<sup>†</sup>

## Collagen Forte

Formula	Size
99077	300 Capsules

Suggested Usage: 5 daily

Collagen Forte supplies significant amounts of Vitamin C, L-Lysine, and L-Proline in capsule form to help support healthy collagen synthesis.<sup>†</sup>

## Hyaluronic Acid

● new product

Formula	Size
202262	60 Vegetarian Capsules

Suggested Usage: 1 daily

Hyaluronic acid (HA) is produced by keratinocytes and is a member of a large family of glycosaminoglycans, the main components of the extracellular matrix. It is abundant in tissues and fluids, with the highest concentrations in synovial fluid, vitreous humor and skin. HA helps to support joint health and provides supplemental support for skin health.<sup>†</sup>

### SUPPLEMENT FACTS

Serving Size 1 Capsule • Servings Per Container 60

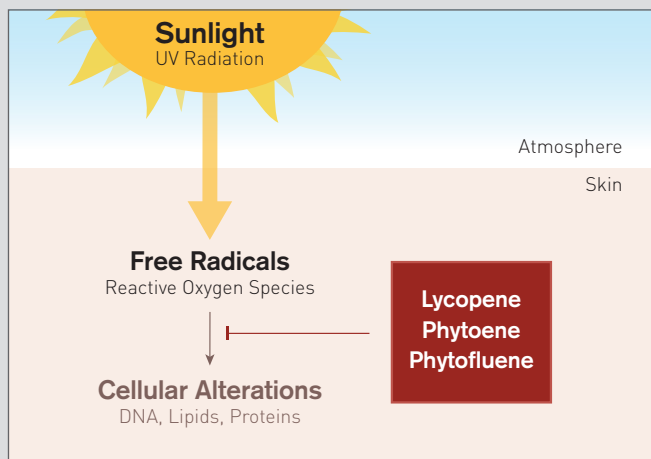

Amount Per Serving	%DV
Hyaluronic Acid (from sodium hyaluronate) ..... 70 mg (low molecular weight)	*

\*Daily Value (DV) not established.

Other ingredients: Microcrystalline cellulose, hydroxypropyl methylcellulose (capsule).

## Carotenoids Contribute to Skin Protection<sup>†</sup>

Premature aging of the skin can be caused by exposure to the sun's UVA and UVB light, as well as other stresses causing cell damage in the epidermis. Carotenoids are antioxidants that are present in human skin and contribute to ultraviolet (UV) light protection.<sup>†</sup> Naturally occurring carotenoids lycopene, phytoene and phytofluene from tomato fruit extract have been shown to help protect the skin more effectively than synthetic lycopene.<sup>†</sup>

## VEIN HEALTH<sup>†</sup>

Varitonin<sup>™</sup> contains a blend of vitamin C, hesperidin methyl chalcone, and standardized extracts of horse chestnut, butcher's broom, and gotu kola for comprehensive vascular support.<sup>†</sup>
